**A FUND UNLEASHING
THE POTENTIAL OF
TECH COMPANIES
ACROSS THE WORLD**

Recommended
minimum investment
horizon:

5 YEARS

The tech sector has become a major driving force for equity markets globally. **Carmignac Portfolio Tech Solutions** is a thematic fund (UCITS) investing primarily in this sector by targeting companies that offer attractive long-term sustainable growth prospects. It is especially suited for investors with high conviction in technology who are looking for global equity exposure through innovative solutions supporting human progress. With a socially responsible approach, the Fund seeks to outperform its reference indicator over a recommended holding period of at least five years.

KEY POINTS

Investing in **companies that are driving innovation** that represent a solution to a changing world.

An opportunistic approach capturing attractive trends worldwide **across the value chain**.

Concentrated, high conviction strategy seeking **high alpha generation** across the market cycle.

A strategy that goes beyond investing in the tech sector by **capturing technology in a wider spectrum**.

MAIN RISKS OF THE FUND

EQUITY: The Fund may be affected by stock price variations, the scale of which is dependent on external factors, stock trading volumes or market capitalization.

CURRENCY: Currency risk is linked to exposure to a currency other than the Fund's valuation currency, either through direct investment or the use of forward financial instruments.

EMERGING MARKETS: Operating conditions and supervision in "emerging" markets may deviate from the standards prevailing on the large international exchanges and have an impact on prices of listed instruments in which the Fund may invest.

DISCRETIONARY MANAGEMENT: Anticipations of financial market changes made by the Management Company have a direct effect on the Fund's performance, which depends on the stocks selected.

The Fund presents a risk of loss of capital.

(1) of the amount you pay in when entering this investment. This is the most you will be charged. Carmignac Gestion doesn't charge any entry fee. The person selling you the product will inform you of the actual charge.

(2) We do not charge an exit fee for this product.

(3) of the value of your investment per year. This estimate is based on actual costs over the past year.

(4) of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the investments underlying the product. The actual amount varies depending on the quantity we buy and sell.

(5) when the share class overperforms the Reference indicator during the performance period. It will be payable also in case the share class has overperformed the reference indicator but had a negative performance. Underperformance is clawed back for 5 years. The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years, or since the product creation if it is less than 5 years.
