INVESTMENT OBJECTIVE

Carmignac Portfolio Flexible Bond is an international fixed income UCITS fund that implements interest rate and credit strategies globally while systematically hedging currency risk. Its flexible and opportunistic style enables the Fund to deploy a non-benchmarked, conviction-driven allocation strategy across global bond markets. The Fund is managed with a total return approach, seeking to capture market upswings while hedging against downside risk. It promotes environmental and social characteristics and aims to outperform its reference indicator over a recommended minimum investment horizon of three years.
