INVESTMENT OBJECTIVE

Carmignac Portfolio Human Xperience is a thematic fund (UCITS) invested in companies that demonstrate strong customer and employee satisfaction. Not only do we believe that both matter in order to retain clients and staff, a broad set of research and data support human experience as a key factor for business success. Companies that provide positive experiences to their customers and employees may be better positioned to achieve superior returns over the long term. This strategy is sector and region agnostic as it seeks to select best-in-class companies with attractive scores based on our proprietary database. The fund's objective is to outperform its benchmark over 5 years at least and is designed for investors who want to have a positive outcome on the society.
