INVESTMENT OBJECTIVE

Emerging market equity fund combining a fundamental top-down approach with a disciplined bottom-up analysis in order to identify the attractive opportunities within the emerging universe. The fund adopts a sustainable, responsible approach, favouring countries and companies offering long-term growth potential, that deliver solutions to environmental and social challenges and that derive major part of their revenues from goods and services related to business activities which align positively with United Nations Sustainable Development Goals. The Fund aims to outperform its reference indicator over a recommended investment horizon of 5 years, while achieving its sustainability objective, consistently taking into account ESG criteria.

MAIN RISKS OF THE FUND

EQUITY: The Fund may be affected by stock price variations, the scale of which is dependent on external factors, stock trading volumes or market capitalization.

EMERGING MARKETS: Operating conditions and supervision in "emerging" markets may deviate from the standards prevailing on the large international exchanges and have an impact on prices of listed instruments in which the Fund may invest. **CURRENCY:** Currency risk is linked to exposure to a currency other than the Fund's valuation currency, either through direct investment or the use of forward financial instruments. **DISCRETIONARY MANAGEMENT:** Anticipations of financial market changes made by the Management Company have a direct effect on the Fund's performance, which depends on the stocks selected.

The Fund presents a risk of loss of capital.
